"By the way we regard our neighbour: whether we do this with a look of mercy, as Jesus shows us, or with a look of judgement, even contempt, like the accusers in the Gospel, who present themselves as God's defenders but who fail to realize that they are trampling on their sisters and brothers. Those who believe they are upholding the faith by pointing their finger at others may have a certain "religiosity", but they have not embraced the spirit of the Gospel, for they disregard mercy, which is the heart of God." POPE FRANCIS

WORLD CHILDREN'S DAY 2024: The Catholic Church's first World Children's Day takes place over the weekend of 25 – 26 May 2024. Pope Francis announced the inauguration of this special day on 8 December 2023 at the end of the Angelus. The concept came from a nine-year-old boy, Alessandro, who, just a few months earlier had written to Pope Francis with an idea to bring children together from different countries for a special event. Alessandro's hope was that the children could get to know one another, play and pray together, and become friends.

POPE'S APRIL PRAYER INTENTION: "FOR THE ROLE OF WOMEN: Pope Francis' monthly prayer intention this April is for "the role of women." The Pope invited the Church to pray for this intention in this month's The Pope Video, which is entrusted to the entire Catholic Church through the Pope's Worldwide Prayer Network. The Holy Father insists on the steps today's society needs to take, and asks Christians to join him in prayer "that the dignity and worth of women be recognised in every culture, and for an end to the discrimination they face in various parts of the world." The Pope illustrates the huge gap that exists between declared principles and actual practice. "In theory, we all agree that men and women have the same dignity as persons. But this does not play out in practice," he noted. The Pope provides concrete examples, citing "discriminatory laws" currently in force: mandatory dress codes, impediments to ongoing education, denial of assistance for job opportunities. Thus, he said, "governments need to commit to eliminate" this discrimination and "work toward guaranteeing women's human rights." He asks us all to respect women, who unfortunately continue to be treated "like something to get rid of," and who are often victims of violence and abuse in many parts of the world, even in countries claiming to be more advanced. "And if we don't respect women," the Pope adds, "our society will not progress."
